Use 160 gr. Cardboard to print. If you can, print the pdo in A3 format! You get a very good result in Colours if you print it in a copy shop with a digital laser printer!

To give the ship a better look, colour all cut edges! Clue cardboard inside as shown on the pics.

To let the turrets turn see Alternative first! (I have the idea for this a bit later, that why you don't see the construction on the first pics.
